He took strong ground in surport of the SUB TREASURY BILL, And, in his speech upon our Relations with Mexicc, uttered that sentence which will be as immor-NOT ONE CENT FOR TRIBUTE."

THE CHOICE OF THE NATION!!!

Another of the Know-Nothing nominees repudiates Fillmore. We find the following in the Richmond Examiner-

To the American Central Committee PANUNKY, ORANGE Co., Aug. 26, 1365.
GENTLEMEN: I find it inconsistent with my present views to support Mr. Fillmore and Andrew J. Donelson. I therefore respectfully decline the position assigned me, as one of the Electors for this court.

shis county.

I believe the Missouri Compromise to have been I believe the Missouri Compromise to have been an unjust and unconstitutional measure, and therefore its repeal is justified. The great principle of Non-intervention by Congress is the only doctrine to secure the equality of the citizens of the several States, the rights of the States, and the Union of the States. Disregard this doctrine, and the Union cannot and ought not to be preserved. The day for compromises has passed—the time for calm reflection and determined action has arrived. A great crisis is at hand. A mighty battle is being fought for the Constitution and for the Union on the enessite, and for sectionalism and Black Republicanism on the other side. This battle is between J. C. Fremm and James Buchanan. I hesitate not in declaring that it is my intention to support James Buchanan and John C. Breckinridge. The Massouri Compromise was inconsistent with the principle of non-intervention by Congress with the Institution non-intervention by Congress with the Institution of domestic slavery in the Territories, but the Kansas-Nebraska bill asserts the doctrine in its clearest light. This, of itself, is reason enough for me to support Mr. Busbanan, who stands by the principle of non-intervention. Men and mess-

urse die, but principles do not.
Respectfully,
ROBERT S. KENDALL.

THE IRISH VOTE. - A mighty attempt has been made, says the New York Day Book, by the Black Republican Know-Nothings, who believe in church burnings, Louisville riots, &c., to laftuence ad pted Irish citizens to vote for Fremont, because Herbers killed Keating! In other words, they were to wreak their vengeance on their adopted country by repudiating Mr. Bushanan. The Irish Naws, of this city, edited by Thomas Francis

Meagher, says: "The Irish in America scout with scorn and loathing this attempt to seduce their votes. The victim being an Irishman, the guilt of the murderer is no greater than it as had been a Set the man, a Brazilian, or an Ashantee. The criminal soing a Democrat deep not contaminate the party founded on the philos phy of Jefferson, and ennotied in history by the administrative victories of Jackson. The wickedness of its members does not vitiate the religion they profess, nor turn to a playte-house the caure h to which they subscribe. He spoke in favor of the Niagara Sufferers in the War of 1812, and for the Presidency pronounced himself emphatically for Andrew Jackson.

IN 1825

The Approach of Fall. My theme that I've chosen is the Fall of the Year, When the chill winds of Antumn, whose blighting caree Spreads a dearth o'er the earth and a gloom o'er the

mind, fecting alike every thing in its kind. Already is Nature approaching decay, While the beautles of Sommer are fading away; And the rich golden grain of the bushandman's hand, Ere long, will be garnered all over the land. And the gay feather'd songsters, whose musical strains Re-cone in teanty o'er the hills and the plains, Will have taken their flight to a bright, sunny land; By instinctive knowledge they go at command.

When at eve in the grove, on the locust trees hid, We hear the shell notes of the green katydid, And a myriad of volces that rise from the ground, Whose low, moaning requium encircles around. Thus, true to their instinct and Nature's own laws, The Insec's and seasons proclaim a first cause, Which issues and speas and spreads o'er the land, Displaying in grandeur the Creator's hand.

Then come, all my patrons, as Nature, you see, Is spreading her blight o'er the land and the sea; Yet BLISS, the Har Doctor, whose sclence and skill Can stay the dread sting by his magical will. In the midst of the difficulty which resulted fatally to Rader, two shots were fired in quick succession, by whom we could not learn. It was atleged y some that Rader fired first, and by others that at the time of the deficulty he had no arms. He was, during the day, at the barbeone grennd armed, ready, and seeking a fight. It is said his weapons had been taken from him on the ground, and that the Deputy Sheriff had them in his post assion.

We were informed that some other man was fatally stabbed by some one else-put in the cars and brought to Jeffersonville at the very time of the difficulty in which Rader lest his life. The earmoving off in a few minutes and crowded, tegether with the general excitemnet, prevented us from

been passed in the utmost barmony. It is estimated that there were from 6,000 to

DADDENING EXHIBITION .- The frequenter of the daily sessions of our Police Court, is necessarily a witness to a great diversity of scenes ctimes lu licrous enough and in the highest degree amusing, but more generally harrowing to the erses and painful to the feelings of the humano. Our reporter was cognizant of a case brought bere that tritunal yesterday, which touched his feelings, nearly. Officer Seay, of the police, brought a party consisting of two women and the same number of boys, before the court upon the cld charge of drunkenness and disorderly conduct. The wemen were advanced in years, and the boys were severally fourteen and six. They are occucants of a tenement in Gray's Alley, a locality in the heart of the business portion of our city though long notorious as a culminating point of lebauchery and crime. Through the irregularities of the parents, these little fellows have be ome already addicted to the poisoning influences drink, and when found by the officer were tupified and Insensible from expessive indulgence, with no protection other than unnatura naternal parents, who, perhaps, were the subjects of higher erimes than that of intoxication. The evidence in the case went to show that the women were old offenders, and that they had be ome so completely abandoned to the brutalizing effects of liquer, as to be now beyond the pale of oclamation. The Judge had no alternative but o sand the females to the Workhouse, while the ors were abandoned to the mercies of strangers. When the women were placed in the black vehielo for transportation to the house of punishment. the little fellows, thus left alone in the street soemed for the first time to have a painful realizaion of their condition. The older one cries meet piteonely, and begged his mother to tell his low long sho would be gone. The driver of the vehicle sent him to the Judge for a solution of he question, and as the boy hurried to that funconary, the mother was driven away from the ight of her child, perhaps never again to look apon him in this world. The heartless mother sas as parently untouched by the seens and the separation, but there were many present whose hearts were softened and whose eyes were dimined
